

DESIGUAL COOKIE POLICY

When you visit our website, Desigual gathers information from your browser to understand and remember your actions and preferences (such as your privacy or language preferences). This allows us to improve our service and your online experience. In addition, this information allows us to gather aggregated data on user traffic and your interaction with our website in order to identify trends and obtain statistics that will help improve it.

We use a variety of methods to collect this information, such as cookies and pixel tags.

Cookies and pixel tags

What are they and what are they used for?

Cookies are data, generally stored in text files, which websites place on users' devices to store user information via the device they are using to access the website. With this information, websites can improve your browsing experience, recording your identifier, preferences, actions that you have taken, etc.

A pixel tag is an invisible image with a line of code inserted into our website, which allows a user's browsing of our website or the websites of third parties to be monitored. Pixel tags can be used to measure or monitor usage or to obtain aggregated data on website traffic and interaction with it, in order to offer personalised advertisements, identify trends and obtain statistics to improve the website.

Data collected using cookies and/or pixel tags

Using this type of file enables us to gather the following information: (i) IP address, (ii) unique cookie ID, cookie information and information on whether the device has software for accessing certain functions, (iii) unique device ID and type of device, (iv) domain, browser type and language, (v) configuration of the operating system and of the system, (vi) country and time zone, (vii) previously visited web pages, (viii) information about your interaction with our website, such as your clicking behaviour, purchases and the preferences indicated, and (ix) access times and referral URL.

Communications and data transfer

Third parties may also collect information and data from your device and/or browser through our website using third-party cookies, plug-ins, pixel tags and widgets. The processing of this data is subject to the privacy and cookie policies of these third parties. However, you **can obtain information about them via the descriptive table for this policy.**

To obtain a complete and up-to-date summary of the third parties that access your internet browser via Desigual's website or in any other way, we recommend that you install an internet browser plug-in designed for this purpose. You can also choose for your device to warn you each time a cookie is sent.
